4-H Project Discovery Day Session Descriptions:

Please choose at least four and rank them in the order of 1, 2, 3, or 4 on the form.

Ornaments – Have fun creating 2 sets of 3 different ornaments using paint and yarn. *Session Presented by Danielle Garrett*

Basic Cake Decorating - A great hands on lesson of icing and decorating a cake. (Two sessions offered) *Sessions presented by Abby Diedrich*

Fondant Cake Decorating – Learn how to cover cakes with fondant and how to make basic fondant decorations. Previous decorating experience requested. (One Session offered) *Session Presented by Abby Diedrich*

Dog Demonstration –Grace Hipper has been involved in the dog project for 8 years. For the last 7 years Grace and her dog Zaddie have worked their way to one of the highest levels offered in the dog project. Whether you have a dog or not, just want to learn about dogs or just love watching dogs perform, this workshop is for you. Come join Grace and Zaddie as they give you an experience they will never forget as you learn about these two awesome teammates while expanding your knowledge of a dogs' brain as well as dogs in general. *Session Presented by Grace Hipper*

Air Plants – Participants will learn about air plants and how to care for them. Create an air plant arrangement using mason jars. *Session Presented by Master Gardeners*

Kitchen Chemistry – Cooking may be the oldest and most widespread application of chemistry. In this session we will complete hands-on science experiments- all with food! (One Session offered) *Session presented by Raina Hodgson and Kasper Hodgson*

Homemade Mozzarella – Have you ever wanted to make your own cheese? Come to this session and learn to turn a gallon of milk into delicious cheese. (One session offered) *Session presented by Raina Hodgson and Kasper Hodgson*

I Want Candy – Learn to make popcorn balls, taffy and other sweet treats. (One session offered) *Session presented by Raina Hodgson and Kasper Hodgson*

Paracord – We will be making paracord keychains. We'll provide a few different styles of rings/clips and color choices for cord. *Session Presented by Karen and Connor Ziemann*

Photography Beginner –Learn the basics of photography including different camera settings and concepts like the rule of thirds and leading lines. Youth are welcome to bring their camera to explore basic camera functions. (Two sessions offered) *Session Presented by Matt Dahl and Heidi Dittmer*

Photography Intermediate - Youth will learn more advanced aspects of lighting, composition, and camera function. Discussion will also include the types of cameras available. Youth are encouraged to bring a print of their favorite photograph to show and discuss with the class. They are also welcome to bring their camera to explore some of the concepts discussed. (One session offered) *Session Presented by Matt Dahl and Heidi Dittmer*

Rocketry – If you are interested in learning how to build a skill level 1 rocket, then this session is for you. During this session you will build a rocket and learn a little bit about what the Kenosha County 4H rocketry project has to offer. Supplies included. *Session presented by Treva & Dave Swanson*

Theater – Come learn the basics of stage presence, blocking, and voice inflection to create character. *Session presented by Bob & Sherry Ludeman*

Sewing – Learn the basics of what sewing is by hand sewing a felt donut. *Session presented by Melissa Balenkowski*

3D Puzzles – Wooden puzzles in animal shapes –build and paint your own animal 3D puzzles. *Session presented by Katelyn Hannah*

Cross Stitch – One of the easiest stitches to learn, cross stitch is used to create designs. *Session Presented by Kim Diedrich*
