Hazardous Waste Collection Goals & Objectives

In April of 2010, through the adoption of A Multi-Jurisdictional Comprehensive Plan for Kenosha County: 2035, Kenosha County approved several goals and objectives related to natural resource conservation, public service delivery and intergovernmental cooperation including the following:

Kenosha County will:

**GOAL: Preserve and enhance Kenosha County’s natural resources...**
- Develops methods for protection, sound use, enhancement of natural resources

**GOAL: Maintain and enhance the existing level of public services in Kenosha County**
- Develop methods to maintain and enhance County and local services to public
- Encourage public-private partnerships to enhance the level of public services
- Develop methods to assess the existing and future public service needs of residents

**GOAL: Encourage intergovernmental cooperation**
- Encourage shared services between units of government

Kenosha County goals and objectives were achieved through the successful coordination of Household Hazardous, Electronics (E-Waste) and Refrigerant Waste Collection Event held on May 3, 2014.

**Household Hazardous, E-Waste and Refrigerant Waste Collection Event**

Over 450 vehicles, representing residents from nearly every local municipality in Kenosha County, passed through the collection to dispose of waste products. The event was a coordinated effort on the part of its sponsors; Kenosha County, Waste Management and Kenosha County UW-Extension. Volunteers from Wilmot H.S. National Honor Society assisted in directing traffic and distributing educational materials, gaining exposure to county services and waste management. Printed copies of the UW-Extension Reduce, Reuse and Recycle Guide were distributed along with over 300 business cards promoting the online database found at [http://goo.gl/Vcgxg4](http://goo.gl/Vcgxg4)

**Electronics and Refrigerant Waste Collection:** (T.V’s, computers, appliances containing Freon)

**29087 pounds**

**Household Hazardous Waste:** (sealants, fertilizers, paints, solvents, etc)

- HHW material = 16,800 pounds
- Bulked Oil = 430 gallons
- Bulked Oil based paints/ solvents = 660 gallons
- Bulked Antifreeze = 30 gallons

*Thank you for your support of the event!*
